

Partial Denture Care Instructions

Wear your partial at all times even when you sleep

Remove the partial after each meal. Rinse your mouth and rinse the partial.
Place partial back into your mouth.

Cleaning: at night before bed, brush and floss your teeth, clean the partial with a scant drop of unscented and color free dish liquid (7th generation brand dish liquid-available at most grocery stores) rinse thoroughly. Place the partial into your mouth.

NOTE: Always clean the partial over a sink of water or a towel.

Occasionally adjustments are needed, when you are in need of an adjustment please call 330-494-6305
